

**PUNJAB WATER RESOURCES MANAGEMENT AND DEVELOPMENT
CORPORATION**

CORRIGENDUM FOR ZILLEDAR POST

Dated: November 15, 2016

Thapar University, Patiala conducted the test for recruitment to vacant posts of **Zilledar** in the department of **Punjab Water Resources Management and Development Corporation**, on **November 5, 2016**. The answer key for the paper was uploaded on **November 6, 2016** and the objections pertaining to any of the keys were invited upto **November 9, 2016**. The answer to queries based on objections received from candidates had been uploaded on November 14, 2016.

But inadvertently the answer to following question has been uploaded wrongly as option 'B' where as the correct answer is both option 'B' and option 'C' i.e. Radar and Sonar both can be used for locating submerged objects under sea.

Which one of the following device is used for locating submerged object under sea?

A). Laser

B). Radar

C). Sonar

D). Maser

Explanation: Answer 'B' and 'C' both are valid answer. 'Radar' and 'Sonar' both can be used for locating submerged object under sea. Henceforth both options 'B' and 'C' are right answers.
